For relaxation "AMAZONAS" offers the most exclusive you can get anchored in a bay air conditioning, heating, sauna original Finnish, home theater, diving equipment, fishing and sport water, 900 watt solar panels provide independent cruising and in close contact with nature without sacrificing the comforts of home.

The Privilege 47, wanted by Philippe Jeantot for cruising comfortable around the world, has been since its creation a symbol of innovative technology, elegance and attention to details. For these reasons, The majority of technical defines the Privilege as the most prestigious cruising catamarans. The width of up to 8 meters, large cockpit back completely repaired, the design with three cusps bow and flat surfaces on deck provide external roominess of 120 square meters. It's like be sailing on a hotel terrace overlooking the sea. Well, so much comfort is the strong point of the catamaran. The beauty of this boat is that even with seas and a lot of wind, in the cockpit, traveling over 10 knots, there is no roll thus. A large stability and security is guaranteed. For children is a paradise, in fact offers a great freedom of movement, what impossible on other boats.
